## Independence Residential Ornamental Aluminum Fencing

The complete line of Independence Aluminum Ornamental fence offers a variety of styles that provide the beauty and protection of classic wrought iron fence.

The use of high quality aluminum extrusions and a state of the art protective coating, give Independence long service life and the end of tiresome maintenance requirements. The super ultra powder coating will not rust, corrode, fade, discolor or require painting. Plus, the strong aluminum alloy used in the Independence product line ensures that your fence will be as strong and secure as it is attractive.

Independence is great for establishing a safe and secure perimeter around pool areas or providing a neighbor-friendly look to your home or property. Independence aluminum fences come in easy-to-install, pre-built panels and are available in a variety of heights and distinctive styles. Independence Ornamental Aluminum fence features an engineered no-visible fastener system that holds pickets tight with the panel's rails and eliminates unsightly screws or loosely held pickets that can rattle in the wind. Additionally, all our fences include available accessories such as gates, and high quality hardware and safety latches for secure entry ways.

When it comes to "Value", Master Halco's Independence line of Aluminum Ornamental fence has the right combination of style, variety, durability and security. Every aluminum fence comes with a Transferable Limited Lifetime Warranty and selected panel styles are BOCA compliant child safety pool fences for homes and public areas. Keep your family safe and secure and prevent accidents with Independence pool compliant fencing.

Every aspect of the Independence fence system – from post to finial – shows our exacting attention to detail. The Master Halco Independence Aluminum Ornamental Fence will provide the elegance and security that make it the perfect complement to your landscape.
